CHANGE THAT MATTERS

Founder's Message

PRESIDENT'S | MESSAGE

Success breeds success. The story of our success is a driving force behind the relentless quest to expand our business. The **BizTech** success started as a dream of one person, but soon became the dream for all workers.

We have built a legacy of excellence, innovation, and trust since our inception in 2002. Operating across the Canada, Bahrain, Saudi Arabia, and Pakistan, we take pride in delivering world-class solutions in Interior Architecture & Design, Business Consulting, General Contracting & Trading, Corporate Business Training, E-House Manufacturing, Global Manpower Supply and HPHT/Heavy Equipment Rental.

Our mission is simple yet profound: *Change That Matters*. We are dedicated to transforming businesses, empowering professionals, and delivering projects that redefine industry standards. With a team of extraordinary and highly qualified experts from around the world, we bring unparalleled expertise to every project, ensuring sustainable success for our clients.

Whether it's driving strategic business growth, executing large-scale contracting projects, delivering internationally accredited training, providing cutting-edge equipment rental solutions, or creating inspiring interior spaces, we remain committed to excellence. Our client-centric approach, combined with innovation and integrity, continues to position us as a trusted partner in diverse industries.

As we look ahead, we remain focused on fostering long-term partnerships, embracing emerging technologies, and delivering value-driven solutions. I invite you to join us on this journey of excellence and transformation.

USMAN WARSI

OUR PHILOSOPHY

Our Mission:

To deliver unparalleled design solutions that inspire, enrich, and enhance the lives of our clients while fostering sustainable practices and leveraging the latest advancements in the industry. We believe that any organization can plan a path to success that is profitable, sustainable, and good for all.

Our Vision:

To be a global leader in interior architecture and design, redefining spaces through innovation and craftsmanship.

Our Goals:

At **BizTech**, we are passionate about creating inspiring spaces that blend functionality with unparalleled design. With over two decades of experience, we specialize in delivering bespoke interior solutions that bring our clients' visions to life. From modern residential spaces to innovative commercial designs and luxurious marine and automotive interiors, we push the boundaries of creativity and craftsmanship.

Our expertise extends across various industries, and our commitment to quality and innovation has established us as a trusted partner for clients worldwide.

Our Core Values:

of Quality, Respect, Innovation,
Success, Integrity Client-Centric
Approach, Empowering growth and
Collaboration underpin everything
that we do.

BIZTECH INTERNATIONAL

CHANGE THAT MATTERS

OUR SERVICES | INTERIORS

CONCEPT DEVELOPMENT | INTERIOR DESIGN | SPACE PLANNING | EXECUTION

1. Interior Architecture & Space Planning

We specialize in optimizing layouts to create efficient and beautiful environments. Our designs align with functionality, aesthetics, and technical precision.

3. Custom Furniture Design & Production

We craft bespoke furniture pieces that complement your space's personality. Our production team uses premium materials and state-of-the-art techniques to ensure elegance and durability.

5. Marine & Automotive Interiors

Marine: Crafting luxury interiors for yachts and marine vessels, combining sophistication with the technical demands of seafaring environments.

Automotive: Designing interiors that elevate vehicle comfort, style, and usability.

7. Concept Development & Visualization

Our creative team transforms ideas into captivating designs using advanced visualization techniques, including detailed 2D drawings and immersive 3D renditions, enabling clients to see their projects come to life.

2. Production Drawings & Layouts

Our detailed production and construction drawings ensure flawless execution, minimizing errors and maximizing efficiency for contractors and builders.

4. Project Supervision & Construction

We oversee every phase of the project, ensuring quality craftsmanship, adherence to timelines, and meticulous attention to detail.

6. Residential & Commercial Design

Residential Spaces: Luxurious and livable homes tailored to your lifestyle.

Commercial Interiors: Efficient and stylish workspaces, retail stores, and public venues that resonate with your brand identity.

8. Exhibition Design

Creating dynamic exhibition spaces that engage and leave a lasting impression on audiences through innovative layouts and impactful visual storytelling.

WHAT WE ARE PROUD OF

OUR UNIQUE STRENGTHS

- **Comprehensive Expertise:**
20+ years of versatile design experience.
- **Cutting-Edge Technology:**
Advanced tools for precision design and visualization.
- **Global Network:**
A proven track record with projects across multiple regions and industries.
- **Collaborative Approach:**
A partnership-driven design process that values client input.
- **Sustainability Focus:**
Eco-friendly designs and materials, reducing environmental impact.

SOME OF OUR PRESTIGIOUS CLIENTS

We are proud to have partnered with a diverse range of esteemed clients, including:

- EK Kanoo
- Famco (Al Fataim)
- Wadi Al Sail Mall (KMC)
- Ministry of Education
- Burooj Properties
- Diplomat Hotel
- Medical University (Salmania Complex)
- Ritz Carlton
- Ramee Hotels
- Cineco
and many more.

OUR KEY ACHIEVEMENTS

1. Successfully completed 200+ residential projects spanning luxury homes and multi-unit developments.
2. Designed interiors for 100+ commercial properties, including office spaces, retail outlets, and hospitality venues.
3. Delivered bespoke interiors for luxury yachts and high-performance vehicles.
4. Conceptualized and executed 20+ exhibition stands for high-profile events globally.

About Us

ABOUT US | E-HOUSE MANUFACTURING

Established: 2020

Experience: Over 05 Years of Industry Excellence

Industries Served: Construction, Mining, Oil & Gas, Energy, Electrical, Manufacturing, Real Estate & Beyond

Countries Served: Bahrain, Kingdom of Saudi Arabia, Pakistan, UAE

Core Services: E-House Manufacturing & Assembling, Testing, Validation, Integration, SCADA, SAS, DMS, EMS.

We specialize in the complete manufacturing of Electrical Houses (E-Houses), providing turnkey solutions from structural steel fabrication to fully integrated switchgear installation. Our expertise spans the entire production lifecycle, including precision engineering, high-quality welding, modular assembly, and electrical integration.

With a commitment to excellence, we ensure that every E-House meets rigorous industry standards through Factory Acceptance Testing (FAT) and Site Acceptance Testing (SAT). Our solutions are designed for reliability, efficiency, and seamless deployment in demanding industries such as oil & gas, power generation, and infrastructure projects.

Backed by advanced manufacturing capabilities and a highly skilled team, we deliver custom-built E-Houses that enhance operational performance and ensure uninterrupted power distribution in the most challenging environments.

OUR SERVICES | E-HOUSE MANUFACTURING

THREE SEGMENTS of the MARKET

Depending on the Type:

- Fixed
- Mobile Substations

Depending on the Application:

- Mining Industries
- Oil & Gas Industry
- Water & Desalination Industries
- Railways
- Plants
- Refineries
- Off-shore

Depending on the Component:

- Switchgear
- Transformer
- Bus Bar
- Variable Frequency Drive
- Power Management System
- HVAC
- Other Auxiliary Systems

WHY AN E-HOUSE?

- Reduce site cost
- Single contract
- Reduce on-site risks
- Pre-commissioning
- Reduce procurement cost
- Product integration
- Reduce management resources
- Maintenance contracts
- One point contact
- Warranty
- Space constraint
- Modular design
- Flexibility of voltage
- Deploy time
- Cost-effective relocation
- Optimal building size

WHY AN E-HOUSE FROM US?

- Pre-Post sales consultancy;
- 24/7 after-sales service;
- Yearly maintenance contracts;
- Local presence (delivery, FAT, SAT, etc. advantages);
- Provide complete operating training (one time);
- Availability of critical spare parts;
- Approved 3rd party suppliers;
- Deep Technical analysis of the request by the E-House design team;
- From design to a delivery - single point of contact for all equipment;

ONE-STOP-SHOP

Professional engineering, custom designs, and standard product offerings driven by experience and backed by supportive, knowledgeable project management and comprehensive field service mean;

BizTech is your one-stop-shop for complete e-House solutions.

CHANGE THAT MATTERS

Electrical House

An ISO 9001:2015 Certified Company

[Back to Contents Dashboard](#)

E-HOUSE | BRIEF DESCRIPTION

Definition

Electrical House (E-House) is a prefabricated walk-in modular enclosure to house medium and low voltage switchgear as well as auxiliary equipment.

General Scope

The main equipment is medium voltage switchgear mainly at 12, 15, 24, 27, or 36 kV, and low voltage switchgear below 1kV. Typically the E-House is provided with station electric service that includes a panel board, lighting, power outlets, battery banks, transformer for auxiliary services, safety equipment, and air conditioning system.

Objective

The intent of the E-House is to provide medium and low-voltage equipment along with an outdoor enclosure, skid or wheel-mounted ready to operate in the field with minimum installation, commissioning, and start up time. An alternative to traditional on-site building construction (concrete block, brick construction, or similar)

Application

- E-House's are widely used in the Oil and Gas, Water, Plants & Refineries, Off-Shore, Railways, Marine, LSTK EPC, Electric and Mining industries.
- E-House mounted on wheels can be used for emergency power.
- Can also be used for temporary power.
- Main Distribution Boards;
- Low, medium, and high voltage switchgear;
- Low and medium voltage transformers;
- Low and medium voltage motor control centers;
- Low and medium voltage Variable Frequency drives;
- UPS & Batteries;
- AccuSine (stabilizes electrical networks by providing harmonic mitigation, power factor correction, and load balancing);
- Distribution Panels & associated electrical equipment;
- Lighting;

Optional

- **SCADA** (Supervisory Control & Data Acquisition)
- **SAS** (Substation Automation System)
- **DMS** (Distribution Management System)
- **EMS** (Energy Management System)

Electrical House

An ISO 9001:2015 Certified Company

[Back to Contents Dashboard](#)

E-HOUSE | SPECIFICATION

- **Base (steel structure) & Floor**
 - The base of an E-HOUSE is built with ASTM A36 grade steel which will be welded together in accordance with AWS & by AWS certified welders.
- **Walls & Roof**
 - Walls are made of a welded frame according to ASTM A36 grade steel, covered with a sandwich panel that provides thermal and acoustic insulation.
 - The roof is covered with the sandwich panel to sustain a load of at least 250 kg/m² and winds of 150km/h.
- **HVAC System**
 - Include 1 packaged type air conditioning unit, with auto changeover panel, temperature and thermostats, and contactors for tripping the Air Conditioning units in case of any fire and gas alarm.
- **Fire Detection System**
 - Fire Indicator Panels via sensors located internally within the E-House and VESDA Systems.
- **Lighting & Electrical System**
 - AC Distribution Board
 - Interior Lighting
 - Exterior Lighting
 - Outlets
 - Cabling
 - Grounding
 - Interconnection of Panels
- **Safety Equipment**
 - Electrical Class-2 Gloves
 - Portable Safety Light
 - Labeling/Lawful
 - First Aid Kit
- **Painting & Coating**
 - The surface treatment will be suitable for corrosive & saline environments & UV resistant according to C5-M
 - Coating from approved suppliers.
 - Surface preparation will be done by sandblasting methods.
- **Testing**
 - Factory testing with full documentation

Electrical House

FACTORY INTEGRATED, TESTED, VALIDATED, PLUG-N-PLAY COMPACT POWER DISTRIBUTION SOLUTION

E-HOUSE | ENGINEERING

01 | Structural Analysis

Interpretation of structural deformation from external loads (air pressure, snow, wind, total weight with equipment)

02 | Thermal Analysis

Thermal deformation and thermal stress analysis of objects during temperature change.

03 | Analysis of Flow

Analysis of characteristic values such as velocity, temperature and pressure of liquid and gas.

04 | Seismic Analysis

As a method to understand the dynamic characteristics of the structure, a mounted module shape is tested to predict whether the structure is resonant or deformed by vibration.

05 | Lighting Calculation Report (can be provided)

Optimized illumination design by calculating illumination volume.

06 | Foundation Loading Data

Analysis of the foundation loading data considering the center of gravity of the container.

BIZTECH INTERNATIONAL
CHANGE THAT MATTERS

OUR PHILOSOPHY – Corporate Business Trainings

Our Mission:

We believe that any organization can plan a path to success that is profitable, sustainable, and good for all. Along the way, leaders will need a cool-headed outside-in perspective of how their business relates to the world around us. They will need to devise an agile yet robust strategy and, above all, gain a deeper understanding of their people. We help tomorrow's leaders see the big picture, understand its impact, and make the right decisions. We bring you the clarity to lead through transformative learning.

Our Vision:

To be the global leader in delivering transformative training, certifications, and management consultancy, empowering organizations and individuals across the UK, Bahrain, KSA, and Pakistan to achieve excellence, sustainable growth and drive meaningful change

Our Goals:

The world is changing faster than ever, making it challenging for organizations to keep up with economic challenges, consumer demands, employee preferences, political turmoil, technological advancement, and more. On top of external pressures, old habits, cultures, systems, and a reluctance to change can often hold organizations and leaders back. We're here to change that.

Our Philosophy

Corporate Trainings

Why do companies need corporate training?

Corporate training is an essential aspect of any business's growth and success. It is a process of educating and developing employees to improve their skills, knowledge, and abilities to meet the changing demands of their roles and the organization as a whole. The following are some of the key components of corporate training:

Employee onboarding:

This type of training is designed to help new employees understand the organization's culture, policies, procedures, and expectations. It helps them acclimate to their new roles and responsibilities and become productive members of the team.

Compliance training:

This type of training is designed to help employees understand and comply with laws and regulations that are relevant to their roles and the organization as a whole. This can include topics such as workplace safety, anti-discrimination, data privacy, and other compliance related topics.

General employee development:

This type of training is designed to help employees improve their skills and knowledge in areas that are relevant to their roles. This can include topics such as teamwork, communication, problem-solving, and other general skills that are required for success in the organization.

Corporate training is a comprehensive process that includes various components, such as employee onboarding, compliance training, general employee development, leadership development, product knowledge training, and reskilling and upskilling. These components work together to ensure that employees receive the education and development they need to meet the changing demands of their roles and the organization as a whole.

Leadership development:

This type of training is designed to help managers and other leaders improve their skills and knowledge in areas such as leadership, management, decision-making, and other leadership-related topics.

Product knowledge training:

This type of training is designed to help employees understand and effectively use the products and services offered by the organization. This can include product features, benefits, and how to use them effectively.

Reskilling and Upskilling:

This type of training is designed to help employees acquire new skills and knowledge that are necessary for the changing demands of their roles and the organization as a whole. It can include skills such as digital literacy, data analysis, and other modern skills that are required for success in today's business environment.

Supercharge your team's path to success

Help your team reach their full potential. Get in touch with our custom program advisor to learn more about [BizTech's](#) program offerings for organizations. Talk to an [advisor](#).

Custom Programs for Organizations

Get incredible business training, on demand. At every step of the process, we create programs that empower your organization to be the best they can be. All of our programs focus on experiential learning and topics that really matter to your cohort. Programs are delivered any way you need them, including live virtual sessions, in-person experiences, and self-paced online learning.

How Custom Programs Work

We design programs with you, not for you. Ensuring you get the style and content your team needs is our top priority.

4 Impact & Learnings

Debrief on team performance, leadership styles, and unexpected synergies within your cohort to build lasting change.

3 Program Development

Tweak learning modules and topics to match the skill level of your group, budget, location and most importantly, desired impact.

2 Delivery Method

Remote and mobile learning, group work, applied learning and self-paced - we suggest the methods that work for your team.

1 Industry Analysis

Our program designers start by researching your organization and industry so they can choose the right material and pacing.

OUR PHILOSOPHY - Contracting

Our Mission:

To deliver high-quality, cost-effective contracting services through innovation, integrity, and a client-centric approach. We are committed to building lasting relationships, fostering sustainability, and exceeding expectations in every project we undertake.

Our Vision:

To be a leading contracting company recognized for our excellence, reliability, and contribution to shaping sustainable and modern infrastructure that enhances communities and enriches lives.

Our Goals:

The world is changing faster than ever, making it challenging for organizations to keep up with economic challenges, consumer demands, employee preferences, political turmoil, technological advancement, and more. On top of external pressures, old habits, cultures, systems, and a reluctance to change can often hold organizations and leaders back. We're here to change that.

Our Philosophy

OUR POLICY | QUALITY & HSE POLICY

QUALITY POLICY

Towards the year 2020, **BizTech's** second-generation goals will be achieved by changing our business model with the required agility to be dynamic and flexible for efficient and effective use of our resources.

To strive for having strategic direction and operational effectiveness by own technologies platform.

Preserving our ideological and governing rules as a tool for governing business conduct by ethical canons.

To have our employees, whose operations and activities effect the quality of our products and services, implement the quality management system.

To strive for continual improvement of the process that result in sustained delivered value for our customers to comply with applicable requirements.

HSE POLICY

BizTech will be an industry leader in product and service delivery based on the highest standards of excellence in HSE protection. **BizTech** committed to conducting its business in a manner at all times that protects the health, safety and welfare of its employees, contractors, customers and other persons involved in our business and to protecting the environment and the security of our workplaces.

In achieving these objectives we will be guided by our HSE policy principles embedded in the company's "Target Zero" safety program.

Testimonials

[Back to Contents Dashboard](#)

TESTIMONIALS | WHAT OUR CLIENTS SAY ABOUT US !!

- **BizTech** has unique approach and style where they definitely ensure that our business benefits far outweigh the price they charge. [\(Large Family Owned Business Owner\)](#)
- **BizTech** Consultants have in-depth understanding of our industry and we never felt need to explain what we wanted, on contrary they kept coming back and started giving proactive suggestions to improve our business and we were amazed to understand that within one month they knew more about our business than we could imagine. [\(Large Real Estate Business Owner\)](#)
- Throughout the whole project, **BizTech** provided a professional and reliable service every step of the way. The team delivered the project end-to-end, demonstrating a determination to deliver to the highest standard. The finished product speaks for itself and we would not hesitate to recommend them [\(Holding Owners\)](#)
- Having worked with **BizTech** on a previous project back in 2015, we went back to them because of their professional project management and high quality build. Despite this project being particularly challenging – due to working around our fully operational workshop throughout the development – **BizTech** worked with us to ensure the build was completed safely, on time and on budget. [\(Large Manufacturing Unit in Automotive ancillary industry\)](#)
- **BizTech** continues to act as our building contractor of choice. We had a desperate need for additional storage as part of our ongoing expansion program, and **BizTech** pulled out all the stops to complete our new 22,000 sq ft three-bay stock warehouse ASAP, actually finishing the work eight weeks ahead of schedule. We are delighted to recommend them and will not hesitate to use them again in the future. [\(EPC Contracting Company\)](#)
